

Unit 1 Overview

"TURN FOUR" REVIEW GAME

DIRECTIONS:

1. Form groups of 4.
2. Distribute number cards, one per player (or pair).
3. Stack question cards in middle of work space, drawing cards from top of the stack.
4. Follow pattern below for each question; starting with player #1.
5. Pass number cards to next player on the right after each round.
6. Help each other as needed!

Goal of the Game:
To have fun while helping each other
review what's been studied

One Round ↑ ↓	<u>Player #</u>	<u>Sequence</u>
	1	<u>ASKS</u> the question
	2	<u>ANSWERS</u> the question
	3	<u>ADDS</u> to the first answer
	4	<u>PARAPHRASES</u> question and answers

Number cards: cut on lines

1

2

3

4

Pre-made Cards: Cut apart to stack upside down and use

Student-made Cards: Write questions* and cut *(*Remember to get help from the Q-Matrix!)*

Student Authors: _____

What might you
know about
PROTOCOLS?

What might you
know about
VALUES?

What might you
know about
PATTERNS?

What might you
know about
THE SCIENTIFIC
METHOD?

What might you
know about
INTERVIEWING
or QUESTIONING?

What might
you do while
OBSERVING?
*(What's it
look like/sound like?)*

What might
you do while
RESEARCHING?
*(What's it
look like/sound like?)*

What might cause a
scientist to start a
research project?

What might the value
ALOHA
look like or sound like?

What might the value
LŌKAHI
look like or sound like?

What might the value
HŌ'IHI
look like or sound like?

What might you
share about Hawaiian
ancestors who
practiced science?

How might science relate
to or impact "self"
(you and others)

What might you
share about
Ka 'Upena O ke Ola-
The Net of Life?

How might science relate
to or impact "place"?
*(your home, island,
country, universe)*

What might you
know about scientists
working in
Hawai'i today?
