

# Impact through Outreach across Asia-Pacific

## CENTER ON DISABILITY STUDIES INTERNATIONAL

Please join us for these upcoming brown bag events planned as we continue our outreach to addressing issues related to disability in education, employment, and community living and continue our impact across the Asia-Pacific region. Events are hosted at the University of Hawai'i at Mānoa, Center on Disability Studies (CDS) library at 1410 Lower Campus Rd., #171 F, Honolulu, 96826.

Friday  
June  
**23**  
12-1pm

### Dr. Yumiko Momose

Tokoha University, Japan  
Register: <https://go.hawaii.edu/Xca>

Dr. Momose is a clinical psychologist who will visit and make a presentation on her research area in sport psychology. She will share her current work in the area of blind soccer research and hopes to engage other interested researchers in her work.

Friday  
August  
**25**  
12-1pm

### Dr. Michelle Henault Morrone

Nagoya University of Arts and Sciences and Dovetail Institute, Japan  
Register: <https://go.hawaii.edu/bcX>

Dr. Morrone is a Nagoya University of Arts and Sciences professor of comparative education and Dovetail Institute coordinator. This presentation will discuss early childhood initiatives taking place in Hawai'i and explore opportunities for cross collaboration with Dovetail Institute, an organization that provides PD for pre-service teachers and university instructors. Highlights from the recent visit to local preschools in Hilo, Hawai'i by five students and five university professors from Dovetail Institute will be shared. There will also be hands-on learning and observation of programs such as SDG-oriented programs, special education programs, and multicultural and diversity programs.

Tuesday  
September  
**05**  
12-1pm

### Dr. Jun Yaeda

University of Tsukuba, Japan  
Register: <https://go.hawaii.edu/ccX>

Dr. Yaeda is a professor in the Human Sciences Master's and Doctoral Program in the Rehabilitation Sciences Graduate School of Comprehensive Human Sciences, University of Tsukuba. He will visit along with his colleague, Professor Aida, occupational therapist and the Dean of the Graduate School of Rehab Science at Mejiro University in Tokyo, to learn more about CDS's employment first initiatives.

Thursday  
November  
**16**  
TBD

### Disability Research Panel Discussion

The Center on Disability Studies will host a Panel Discussion focused on early childhood policy and practices impacting children with disabilities to identify and address gaps and disparities. This will be held as a hybrid/zoom event. More details on how to participate are forthcoming.
