## Ke Aloha Nui no Maui

We are in deep pule for all of our ‘ohana and Maui programs during this time. We ask you to please share these resources broadly with your network and to help - in service, in donations, in prayer, and in any way you are able - for Maui.

facing adversity together and emerge resilient.

To Maui: We ready! And we hear all of our Maui family and loved ones that may still be in shock of it all and may not know exactly at this vulnerable moment what's needed because the loss of their homes or your the landscapes of beloved communities as they know it has forever changed into black ash. Maui, there is no timeline and no pressure for you to respond to what you need. You are safe. We are here. We are ready to act for whatever you need so we can do this journey of recovery and rebuilding together. The desire to act in times of devastation, and the enduring skill set of hope is activated in the full capacity of aloha. We ❤️ you, Maui.
